Compares with original Mercedes CD-changer via fiber-optic D2B bus.

Also you can use your Apple Ipod Mini, Video, Nano, Shuffle, with this Radio and Ipod Carkit. This is high-power unit compared to a Mercedes cassette player it gives more power, more dynamics, more energy to the music and sounds, absolutely fabulous! Only original sound system engineered and developed by car manufacturer looks and plays so perfect. Aftermarket-CD-player does not look good and sounds bad. That's why most of the people will gladly put an original player back in the place where it should be.
